

## 2015 Moldex3D eDesign 2 Day Training and Certificate

### Upcoming Sessions

- Feb 17-18 2015
- Apr 14-15 2015
- Jun 16-17 2015
- Aug 11-12 2015
- Oct 13-14 2015
- Dec 8-9 2015

### Benefits of Training

- Understanding the basics of the injection molding processes and mold design
- Understanding the capability of the molding simulation technology
- The ability to independently set up the analysis
- The ability to integrate the results of the analysis and recognize the potential issues and solutions of the design

### Training Agenda

	Day 1	Day 2
9:00-12:00 AM	<ul style="list-style-type: none"> <li>• Introduction to injection molding and mold design. Understanding of problems and solutions</li> <li>• Moldex3D project analysis set up. Run first simulation on practice part.</li> </ul>	<ul style="list-style-type: none"> <li>• Completed project is available for review.</li> <li>• Personal results interpretation and discussion.</li> <li>• Question and answer</li> </ul>
12:00-1:00 PM	Lunch	
1:00-5:00 PM	<ul style="list-style-type: none"> <li>• Results interpretations of the filling, packing, cooling and warpage results.</li> <li>• Results discussion with question and answer.</li> <li>• Preprocessing and Project set up on part brought by participant. Run analysis overnight.</li> </ul>	<p>Certificate Program:</p> <ul style="list-style-type: none"> <li>• Final Certificate – Written Exam</li> <li>• Final Certificate – eDesign Skills Exam</li> </ul>

## Day 1

## Day2

## Time

## Expense

\$1,200 / person

27725 Stansbury Blvd., Suite 190  
Farmington Hills, MI 48334

- Check
- Cash
- Credit Card (Visa and MasterCard)
