

CONTEST GUIDE

Share Your Journey With Smart Molding!

As a part of Smart Manufacturing, smart molding has become the holy grail that every manufacturer is chasing after. The path to smart molding is full of challenges and difficulties, yet it does not stop us from taking this journey together! In GITA 2020, the 6th Moldex3D Global Innovation Talent Award, we call for cases suit to the theme, “My Journey to Smart Molding”. Let’s record the journey of chasing Smart Molding together!

Excited to showcase your smart molding project? >> [REGISTER NOW](#)

Ideas to Get Started

- Provide comparison between molding simulation and the real molding practice.
- Use simulation to solve complex injection molding problems.
- Utilize on-site molding conditions to run simulation.

About Moldex3D Global Innovation Talent Award

The Moldex3D Global Innovation Talent Award is a CAE simulation application contest open to worldwide students and enterprises. The purpose of the Contest is to showcase and recognize innovative practices using Moldex3D solutions.

Happy 25th Anniversary

GITA 2020 coincides with the 25th anniversary of CoreTech System. To celebrate, we’ve raised the amount of winner prizing! The best submissions can win up to 6,000 USD and go to the Moldex3D Technology Conference in Spain to accept the honor.

The winners and all accepted submissions will be recognized through Moldex3D’s website, social media channels, and other various of media channels. The winners and the top scoring entrants will receive world-wide media exposure. No Purchase Necessary.

First Prize

\$6,000 USD

Second Prize

\$4,000 USD

Third Prize

\$2,000 USD

Special Prize

\$800 USD

Key Dates

June 20, 2020	Complete Online Registration and Submit Project Descriptions (Template)
July 31, 2020	Submit Project Report (Template) and Signed Permission Form (Download)
Late September in 2020	Winners Announced

Category

The contest has two categories:

Business Category

Student Category

Entry Requirements

Each entry must include the following:

1. **Project Descriptions** ([Template](#))
2. **Project Report** ([Template](#))
*Example of Project Report : [Affordable High Precision Injection Molded Progressive Addition Lenses](#)
3. **Permission to Publish** ([Download](#))

OPTIONAL: Entrants are encouraged to submit CAD model(s), Part geometry (.stl or .step) and/or Mesh files (.3dm or .mdg files) for extra credit.

- Entries must be sent by email to talentawards@moldex3d.com and received **no later than 11:59 p.m. EST, on Friday, July 31, 2020.**
- If the entry is too large to send by email, upload it to Google Drive or another cloud storage and provide the download link to talentawards@moldex3d.com.
- Incomplete entries will not be considered.
- Only entries in **English or Chinese** will be accepted.
- All submissions must use predominantly Moldex3D Solutions and showcase the benefits/ values of Moldex3D.

Evaluation Criteria

Entries will be reviewed by a judging panel consisting of top directors and executives from CoreTech System based on the following criteria. Entrants are encouraged to submit CAD model(s), Part geometry (.stl or .step) and/or Mesh files (.3dm or .mdg files) for extra credit.

- **Feasibility of Project (40%)**
 - **Effective Use of Moldex3D Solutions (30%)**
 - **Innovation (20%)**
 - **Documentation (10%)**
 - **CAD Models (Extra Points)**
-

Contest Rules

- All Entries must be received no later than **11:59 p.m. EST, Friday, July 31, 2020.**
